Valuation and Reporting

Valuation	<p>The Trustee shall establish initial value of each Unit prior to the admission of the first Eligible Plan to the Trust. Thereafter, the Trustee shall value such Units as of the close of business each day that the Trustee is open for business. Each Unit of a particular class of the Trust is equal in value to each other Unit within that same class of the Trust. The Trust expects that the value of each Unit will fluctuate daily. Units will be valued daily each day that the Trustee is open for business ("Valuation Date"). The value of each Unit is determined by adding the value of all the Trust assets, subtracting all accrued expenses and liabilities, and dividing by the number of Units outstanding. Unit values of different classes of Units may vary to reflect different fees, expenses or liabilities applicable to each class of Units. Regardless of the foregoing, each Unit will have a proportionate interest in the Trust assets.</p> <p>The value of the Trust's assets shall be (a) with respect to securities for which market quotations are readily available, the market value of such securities, or (b) with respect to other assets, fair value as the Trustee determines in reference to such valuation standards as the Trustee, in good faith, deems applicable under the circumstances.</p>
Reporting	SEI statements will be available via their web portal "CIT Dashboard" 2-3 business days after month-end. Within ten business days after month-end, the Investment Advisor will also provide to the Trustee monthly performance comparisons of the investment portfolio of the Investment Fund.

Subscriptions and Redemptions

Contributions

No minimum. For initial contributions, Eligible Plans (as defined in the Declaration of Trust) may obtain an Application from an authorized representative of the Trustee or from the Investment Advisor. Once an Eligible Plan has completed the Application and all other required documentation, and the Trustee has approved the Application, the Eligible Plan or its designated representative will be notified that an account has been established and will be given contribution instructions.

Subsequent contributions can be made for any fund Valuation Date.

Withdrawals

Withdrawals in cash or in kind may be requested for any fund Valuation Date (on which the NAV for the withdrawal will be determined). Withdrawal Date = Valuation Date.

Any Participating Plan (or plan participant or beneficiary, where permitted), that desires to withdraw partially or totally from participation in a Fund (each a Withdrawing Unit Holder) shall deliver a request of withdrawal (electronically or written) to the Trustee specifying the Withdrawal Date and the dollar amount to be withdrawn or the number of Fund Units to be redeemed.

For withdrawals initiated by a Participating Plan in excess of 20% of such Participating Plan's investment in a Fund, the Participating Plan must notify the Trustee directly, in writing, five business days prior to the applicable Withdrawal Date.
