## ZugerKB Fonds - Strategie ESG Ausgewogen (CHF) BV

### Investment policy

- This investment fund seeks to generate a long-term positive return in CHF, equally through interest income and capital growth. By using a systematic approach investments in a variety of asset classes and on a broad, internationally diversified basis will be made. Besides investments in equities and bonds, the selection also includes, to a limited extent, alternative investments such as real estate, precious metals and commodities.
- In addition to investments in CHF, suitable investments may also be made in other currencies.
- The mixture and different weighting of these asset classes aims to realise an optimal risk-return ratio. The weighting is reviewed periodically, with the maximum exposure in equities being 50%.

### Fund characteristics

- The fund complies with the investment restrictions for pension funds in accordance with BVV2.
- Investors may buy or sell the fund on any bank working day.
- Fund profits and returns shall not be distributed, but shall instead be reinvested.
- The fund is suitable for investors with a medium to longterm investment horizon and medium risk appetite who are willing to accept price fluctuations.
- The individual risks are set out in the sales prospectus.
