For the attention of UK investors
As you may be aware, UK resident participants of the Fund who are within the charge to UK Income/Corporation Tax are required to report their share of taxable income from the Fund for the period 01 October 2020 – 30 September 2021, when completing their own tax return.

To this end, we enclose below a detailed breakdown of the income and expenses earned by the Fund during the period. This information is provided to all participants and does not take into account the specific circumstances and tax profile of each participant. If any participants are in doubt, they should consult their own professional advisors with regard to this information.

The reports represent 'sufficient information' for the purposes of both the UK reporting fund regime and the UK transparency regime.

The per unit amounts reported are allocated based on the weighted average number of shares outstanding during the period from 01 October 2020 - 30 September 2021.
