2. Objective and scope

The Policy aims at establishing an approach to the complaint handling directed to Vontobel Asset Management S.A. ("VAMSA" or "the Company") in connection with its business activities as management company/AIFM providing collective and discretionary portfolio management services, investment advice and reception and transmission of orders and especially in relation to complaints received from investors.

In general, all complaints shall be handled in a professional, courteous and prompt manner and in accordance with this policy. The Company aims to create and maintain a culture of treating all complaints fairly and diligently.

The reference is made to the Group Policy of the Vontobel Holding AG (hereafter "Vontobel") "036 – Complaints". The Group Policy applies to the extent, that it does not contradict local laws and regulations.

The scope of this policy covers all business activities carried out by VAMSA.

VAMSA will ascertain that all organisations which are directly or indirectly involved in the marketing and distribution of the shares of funds, such as transfer agent, custodian, distributors are informed on this policy and their obligations towards the investors in relation to complaints.

The policy shall apply to all employees of the Company (including its branches).

The following stages are divergent from the Group Policy (7 to 10) due to local requirements:

In this sense, it can only be assessed on the basis of reported cases whether the provisions of the Policy have been complied with. For this reason, the provisions of this Policy are reviewed on the basis of individual cases which are brought to the attention of the responsible policy owner and appropriate measures are taken in the event of non-compliance.

10. Exception to Policy (EtP)

To fulfill the scope and reasoning of this Policy no exception to policy is foreseen and will be granted.

1. London Branch –VAMSA Compliance Manual Section 6 Complaints

“All complaints need to be treated in accordance with VAMSA’s policy “Complaint Management”. The firm has established a complaints management function which enables complaints to be investigated.

Eligible Complainants

VAMSA London does not have any clients that are eligible complainants. However, VAMSA London recognises that it must handle each complaint in a manner which is timely, fair and acceptable to the complainant. Complaints should be handled according to VAMSA’s group policy “Complaints Management”.

Classifying Complainants

A complaint is defined by the FCA as “any expression of dissatisfaction, whether oral or written, and whether justified or not, about VAMSA London’s provision of, or failure to provide, a financial service”. However, the FCA further state “a complaint must involve an allegation that the complainant has suffered, or may suffer, financial loss, material inconvenience or material distress”. Accordingly, VAMSA London may treat a complaint that does not meet the second criterion as a “minor complaint”.

Minor complaints such as minor mechanical or clerical errors must be dealt with immediately by the employee concerned, either in writing or by telephone. No record of minor complaints needs to be kept. If a problem persists or the complaint cannot be dealt with in a reasonable time (five working days), it should no longer be treated as minor and should be processed as detailed below.

Client Communication

The firm will communicate to clients in plain language that is clearly understood and provides a response to the complainant without any unnecessary delay.

Complaints records

VAMSA will keep a record of the complaints received and the measures taken for their resolution.

When a complaint has been settled, the complaint record and associated correspondence must be sent to the Compliance Officer, who must retain the records for at least five years from the date the complaint was received. The date on which the complaint was resolved must be recorded.

All complaints records, even in relation to minor complaints and those complaints resolved within one business day must be maintained for 5 years in relation to MiFID business.
